

TOGETHER WE CAN TACKLE LOCAL ISSUES WITH **LOCAL LOVE**

JOHN FOUND HOPE AND A HOME

Seven years ago, John lived in a tent, but he has since found housing. Courtenay's local mobile outreach program, supported by the United Way, is an important service for him as he navigates the ins and outs of reliable housing. This United Way funded program helps him maintain his sobriety and deal with his physical disability. When he visits the program, he leaves with clothes, food and a grocery store gift card. These simple items make life more manageable for John and gives him the courage to keep working towards his goals.
